As soon as we reach the 7,000-acre mark we will be compelled to refuse any more applications. Parties wishing to grow Sugar Beets the coming season should see our agents at once or write to us at Glendale.

Early planted beets, well tended on good soil, will prove the surest and best crop that can be raised in the valley. It is possible to raise 30 tons per acre; 20 tons per acre will be a common yield, and 15 tons per acre is a fine paying crop.

The market is steady and the price assured, \$4.75 per ton. We will arrange for seed and hand labor. See us today.
